For your action, if required
Reminder– file CAF ICC data with your state commission
on Monday, June 17, 2013

June 14, 2013

To: General and Pooling Contacts for TS Pool Members

As mentioned in the Commission’s [March 27, 2013 Order](#) clarifying certain CAF ICC rules, rate-of return carriers seeking CAF ICC support must file data with the relevant state commissions on the same date as the annual access tariff filing (see FCC Rule [54.304\(d\)\(1\)](#)).

NECA is filing the interstate tariff with the FCC on Monday June 17, 2013. Concurrent with the annual tariff filing, we will file CAF ICC data with USAC. Therefore, you should file your CAF ICC data with your state commissions on the same day. You can use the following reports from the CAF ICC [website](#) (login required) for filing:

- The CAF ICC report
- The Access Recovery Charge Output report, which has the ARC rates and revenue, as well as the residential lines at the exchange level
- The Interstate Test Period Lines report, which has the SLB and MLB lines at the study area level
