Dear Mr. Mielke:

Several months ago U S WEST Communications, Inc. merged with Qwest and filed with the Secretary of State to have its name changed to Qwest Corporation in North Dakota. At the time that filing was made there were conflicts with other companies already registered in North Dakota under similar names. That situation has now been resolved.

Attached is the authorization received from the Secretary of State's Office to formally do business as Qwest Corporation. All subsequent filings with the North Dakota Public Service Commission will be made under the name of Qwest Corporation.

If you have further questions please contact me. Thank you for your cooperation in this matter.

Sincerely,

Scott A. Macintosh

Re: Notice of Name Change and Request for New Certificate of Public Convenience  
and Necessity of U S WEST Communications, Inc. to Qwest Corporation

Dear Mr. Mielke:

This is to give notice to the North Dakota Public Service Commission that within the next few days U S WEST Communications, Inc. will file an appropriate application for an amended certificate of authority with the North Dakota Secretary of State under the new name of Qwest Corporation. This action is as a result of the June 30, 2000 closing of the corporate reorganization.

After the application has been filed with the Secretary of State, the company will also file appropriate revisions to its tariffs and will send a request to the Commission to reissue certificates of public convenience and necessity to reflect the corporation's name change from U S WEST Communications, Inc. to Qwest Corporation. The transparent name change will not have any impact on the quality of service offered to the company's customers, nor will it impact any of its rates. The company, will, from time to time, continue to use the U S WEST brand for various purposes.

If you have any questions regarding this notice and request, please feel free to call me at your convenience.

Very truly yours,

A handwritten signature in black ink that reads "Scott A. Macintosh".
