PUBLIC SERVICE COMMISSION

Great Plains Natural Gas Co.  
A Division of MDU Resources Group, Inc.  
Highway 13 Extension Surcharge and Billing Change  
Tariff and Rates

Case No. PU-13-551

NOTICE OF OPPORTUNITY FOR HEARING

July 30, 2013

On July 2, 2013, Great Plains Natural Gas Co. (Great Plains) requested to remove its 90 cent per Mcf surcharge to customers that receive service through its Highway 13 extension project. These customers will continue to receive the same service but will no longer be assessed the special surcharge.

In addition, Great Plains requested that it be allowed to convert its billing process from a volume to a heat value basis. Under this method, customers' bills will reflect dekatherms (Dk) used rather than the traditional Mcf designation.

The conversion from Mcf to Dk will result in slightly higher billed units at a slightly lower rate resulting in no overall bill impact.

The issues to be considered in this case:

1. Should the commission remove the surcharge for the extension of service west of Wahpeton along the corridor south of Highway 13?
2. Should the commission allow Great Plains to change its billing units from Mcf's to Dk's?

Those interested are invited to comment on the application in writing. Persons desiring a hearing must file a written request identifying their interest in the proceeding and the reasons for requesting a hearing. Comments and requests for hearings must be received by **September 15, 2013**. If deemed appropriate, the Commission can determine the matter without a hearing.

For more information contact the Public Service Commission, State Capitol, Bismarck, North Dakota 58505, 701-328-2400; or Relay North Dakota 1-800-366-6888 TTY. If you require any auxiliary aids or services, such as readers, signers, or Braille materials please notify Darrell Nitschke, Executive Secretary.
