Case No. _____

**APPLICATION FOR TRANSFER OF
CERTIFICATE OF SITE COMPATIBILITY FOR TRANSMISSION
FACILITY CORRIDOR AND ROUTE PERMIT**

Pursuant to North Dakota Century Code § 49-22-07 and North Dakota Administrative Code § 69-06-01-02(4), ONEOK Rockies Midstream, L.L.C. (“ORM”) and ONEOK Bakken Pipeline, L.L.C. (“OBP”) hereby make this Application for transfer of a Certificate of Site Compatibility for Energy Conversion Facility.

In Case No. PU-11-683, the Commission issued a Certificate of Site Compatibility for a Transmission Facility Corridor (Certificate No. 131) and a Route Permit (Permit No. 140) to ORM for the construction of approximately 13 miles of 10.75 inch pipeline in Williams County, North Dakota for the transmission of natural gas liquids from the Stateline Gas Plant to a point on the North Dakota/Montana border (the “Pipeline”).

ORM has now entered into an Asset Purchase Agreement providing for the transfer of the pipeline constructed pursuant to Certificate No. 131 and Permit No. 140 and all associated permits and authorizations to OBP. Accordingly, ORM and OBP jointly request that the

commission transfer Certificate No. 131 and Permit No. 140 to OBP, whose address is 100 West Fifth Street, Tulsa, Oklahoma 7103.

Attached hereto as Exhibit A is a Certificate of Authority of ONEOK Bakken Pipeline, L.L.C. as issued by the North Dakota Secretary of State, evidencing the limited liability company's registration to do business in the State of North Dakota.

OBP agrees to comply with the terms and conditions of all Commission orders pertaining to the Pipeline, as issued to ORM.

Pursuant to NDAC § 69-06-01-02(4) and North Dakota Century Code § 49-22-13(2), the Commission, upon the determination that this application is complete, shall publish a notice of opportunity for a public hearing in the official newspaper of Williams County, North Dakota. ORM and OBP respectfully request that the record made at the formal hearing held in Case No. PU-11-683, including the testimony of ORM representatives regarding the construction and operation of the Pipeline, be incorporated into the record in this case and thereby eliminate any need for a hearing in this case if none is requested by an interested person for good cause shown.

WHEREFORE, ORM and OBP hereby respectfully request that this transfer be approved and that the Commission reissue a Certificate of Site Compatibility for Transmission Facility Corridor and Route Permit for the Pipeline to OBP.

Dated this 12th day of August, 2013.
