Case No. PU-13-738

NOTICE OF OPPORTUNITY FOR HEARING

September 11, 2013

On September 7, 2011, in Case No. PU-11-66, the Commission issued Certificate of Corridor Compatibility No. 122 and Route Permit No. 131 to Bear Paw Energy, LLC (Bear Paw) for the construction of approximately 54.2 miles of 10-inch diameter pipeline from the tailgate of the Garden Creek Gas Plant to a point on the North Dakota/Montana border and continuing to the Riverview Rail Terminal in Richland County, Montana. The North Dakota portion of the pipeline is located in McKenzie County. On October 27, 2011, Bear Paw filed for an amended route for the pipeline. On December 2, 2011 the First Amended Certificate of Corridor Compatibility No 122 and First Amended Route Permit No. 131 were issued. Due to the Company's name change to ONEOK Rockies Midstream, LLC, the First Reissued First Amended Certificate of Corridor Compatibility No. 122 and First Reissued First Amended Route Permit No. 131 were issued to ONEOK Rockies Midstream, LLC on December 9, 2011.

On August 12, 2013, ONEOK Rockies Midstream, LLC (ORM) and ONEOK Bakken Pipeline, LLC (OBP) submitted a joint application for the transfer of First Reissued First Amended Certificate of Corridor Compatibility Number 122 and First Reissued First Amended Route Permit Number 131 to OBP, Case No. PU-13-738.

The issues to be considered in Case No. PU-13-738 are whether OBP agrees and is able to comply with the terms and conditions of the corridor certificate and the route permit issued to ORM and whether the requested transfer is compatible with the public interest.

Those interested are invited to comment on the application in writing. Persons desiring a hearing must file a written request identifying their interest in the proceeding and the reasons for requesting a hearing. **Comments and requests for hearing must be received by October 15, 2013.** If deemed appropriate, the Commission can determine the matter without a hearing.
