PART H – DESCRIPTION OF EVENT

<p>Description of Event</p> <p>Saturday morning the 17th I received a phone call from Kurt with Minnesota Ltd doing work for Alliance Pipeline requesting Hess to come out and do locate a pipeline without a one call. I informed Kurt that we worked off of one calls tickets and that other operators could be affected and it would be best for him to do the normal one call. A few hours later I received an false emergency one call ticket for the work Kurt was doing and I immediately contacted Kurt to verify if this was really an emergency or lack of planning. Kurt confirmed that it was not an emergency but he wanted to get the work started. Hess wishes to proceed with this complaint under ND law for placing a false emergency one call ticket.</p>
