Good morning Aaron:

Wanted to update you on the complaint I filed for the false emergency with Minnesota Ltd.

I have met with Kurt Goossen and their safety team and fill satisfied through our discussions and training that there is now an understanding of ND State law and this has been corrected. The wonderful part of the complaint process is it forces organizations to stop and review ND State requirements.

Not sure how your process has to proceed but we are satisfied with a verbal warning.

Thank you for all your support and hope you enjoyed yourself in my home town "Oklahoma City".

The difference between being involved and committed is like ham and eggs. The chicken is involved but the pig is committed..
