Wind Turbine Decommissioning
Investigation

Dear Mr. Paul:

At its regular meeting on September 25, 2013, the North Dakota Public Service Commission passed a motion opening an investigation requiring the owner/operator of the project to submit updated decommissioning information within thirty days for Commission to review in order to determine the adequacy of the decommissioning plan and whether bonding or other financial assurance is needed to cover anticipated costs of decommissioning in the above-referenced case. A copy of the Commission motion is enclosed.

Sincerely,

A handwritten signature in black ink that reads "Cara DeSaye". The signature is fluid and cursive.
