Dear Mr. Faun:

Knife River Corporation – North Central is requesting a temporary variance under Chapter 64-02-02, N.D.C.C., and Section 69-10-02-05, N.D.A.C. which will allow us to operate our 10' x 70', 100-ton, S/N-10X70-01-602317 portable pitless scale at our leased sand property near Beulah, ND.

The reason for not installing a permanent device is that the property is leased, and we wish to maintain the option to move this scale sometime into the future.

We are requesting a temporary variance for 3 years since our lease expires in 3 years.

If you have any further questions, or require additional information, please feel free to email me at jason.zentgraf@kniferiver.com.

Sincerely,

Jason Zentgraf
