CASE NO. PU-13-825

---

Certification of John Wadsworth in Support of the Application of Bakken Oil  
Express Pipeline, LLC for Amended Route and Corridor

---

STATE OF KANSAS

COUNTY OF SEDGWICK

John C. Wadsworth states and alleges as follows:

1. That I am the Director of Engineering and Construction of Bakken Oil Express Pipeline, LLC (“BOE”) with the authority to bind BOE to the statements set forth in this Certification.
2. That I submit this Certification in support of BOE’s request to adjust the proposed route of BOE’s proposed crude oil pipeline project outside of the previously proposed corridor.
3. That on October 4, 2013, BOE filed its Combined Certificate of Corridor Compatibility and Route Permit Application with the North Dakota Public Service Commission (“Commission”).
4. That on December 9, 2013, a public hearing was held in this matter.
5. That on December 19, 2013, BOE filed with the Commission a request to approve a minor modification of the route and corridor proposed at the December 9, 2013 public hearing.
6. That in accordance with the agreement between BOE and the landowner, L&W Land, LLLP, (Lester and Warren Schneider) 11050 17th Street SW, Manning, ND 58642, BOE is providing this certification that land owned by L&W Land found within the E/2E/2E/2NE/4 of

Section 35, T143N, R96W, as depicted on the map filed with the Commission on December 19, 2013, is the subject of a Right-of-Way for the purpose of constructing a crude oil pipeline by BOE. BOE has acquired the Right-of-Way from L&W land and intends to build the pipeline across the property as identified in the map filed on December 19, 2013.
