Good Afternoon Gene

Based on our conversation, I understand you need a metrology recertification extension due to scheduling with the Minnesota metrology lab.

Under North Dakota Administrative Code Section 69-10-03-02, the Commission may extend the twelve-month recertification interval to fifteen months.

Based on our conversation, I am extending the recertification for your standards from July 28, 2013 to September 20, 2013.

Hi Gene,

Just confirming your appointment the week of Monday, August 26, 2013 to calibrate your (3) 5 gallon provers.

Thanks.

Heidi Jones
