Bismarck, ND 58505-0480

**Montana-Dakota Utilities Co's & Otter Tail Power Company's Big Stone South to Ellendale 345KV Transmission Line Project in Dickey County, ND Case No. PU 13-840 Notice of Ellendale 345kV Substation Construction weekly update from Montana-Dakota Utilities Co. (Email update #18)**

Dear Mr. Lein:

This past week Key Contracting has remained off-site. All activities have still been suspended this week. Key Contracting is expecting to remobilize and start working again in the middle of January. Next week we will have the transformer delivered and assembled. This is expected to take 2 weeks.

As they relate to the PSC order and Substation construction: no safety issues, no property damage issues, no public roadway issues, no environmental or cultural issues were encountered or brought to our attention.

Thank you and if you have any further questions about substation construction activities, feel free to contact me at:

**Daniel A. Albrecht**
