**Montana-Dakota Utilities Co's & Otter Tail Power Company's Big Stone South to Ellendale 345KV Transmission Line Project in Dickey County, ND Case No. PU 13-840 Notice of Ellendale 345kV Substation Construction weekly update from Montana-Dakota Utilities Co. (Email update #42)**

Dear Mr. Lein:

MDU's general contractor Highmark Erectors continues to work on switches, setting equipment, ground grid and the cable trenches. They are monitoring the re-seeded areas as needed. The site perimeter security fence is being installed.

As they relate to the PSC order and Substation construction: no safety issues, no property damage issues, no public roadway issues, no environmental or cultural issues were encountered or brought to our attention.

Thank you and if you have any further questions about substation construction activities, feel free to contact me at:

**Daniel A. Albrecht**
