PSC Docket No.: PU-13-848

Dear Andrew:

We have received and reviewed project correspondence and document: "2015 Sandpiper Pipeline Class III Archaeological Resource Inventory: Williams, Mountrail, Ward, McHenry, Pierce, Towner, Ramsey, Nelson, and Grand Forks Counties, North Dakota" by Craig Picka (Merjent, Inc., **October 2015**) and find it acceptable.

Concurrence on site significance and on National Register eligibility determinations for those resources identified in the 2015 report and highlighted in the accompanying project letter correspondence (n = 8) await consultation activities with reviewing federal agency personnel.

Thank you for the opportunity to review the current report, and we look forward to further consultation on the project. Please include the ND SHPO reference number listed above in any further correspondence for this specific project.
