Sandpiper Pipeline Project: 2015 Class III CRI Report
PSC Docket No.: PU-13-848

Dear Andrew:

We have received and reviewed project correspondence and document: "2015 Sandpiper Pipeline Project Class III Archaeological Resource Inventory and Evaluation:: Williams, Mountrail, Ward, McHenry, Pierce, Towner, Ramsey, Nelson, and Grand Forks Counties, North Dakota" by Craig Picka (Merjent, Inc., December 2015) and find it acceptable.

Concurrence on site significance and on National Register eligibility determinations for those resources identified in the 2015 report and highlighted in the accompanying project letter correspondence (n = 18) await consultation activities with reviewing federal agency personnel.

Thank you for the opportunity to review the current report, and we look forward to further consultation on the project, including an update on project impacts to unevaluated and eligible sites. Please include the ND SHPO reference number listed above in further correspondence for this specific project. If you have any questions, please contact either Paul Picha at (701) 328-3574 or ppicha@nd.gov or Susan Quinnell at (701) 328-3576 or squinnell@nd.gov.

Sincerely,

Claudia J. Berg
