RE: ND Public Service Hearing June 30, 2015

To Whom It May Concern:

I, Kyle Benson, hereby certify that the MDU line damaged on Sept. 13, 2013 and Oct. 15, 2013 were a direct result of One Call locating not properly marking the utility lines as required by ND One Call Law. One MDU line was mismarked by over 33" on Case # 884 and only one MDU line was marked when 2 MDU lines were encountered on Oct. 15, 2013 on Case # 885.

Sincerely:

Kyle Benson
NECI Foreman
