RE: Revision 24 to Permit NAFK-9503

Dear Mr. Deutsch:

We have reviewed Falkirk Mining Company's application for revision number 24 to Surface Coal Mining Permit NAFK-9503. We have no objections to the revision which adds the design plans for sedimentation pond P-R29-01. Once the pond is constructed it will be assigned a discharge point number and added to the company's NDPDES permit.

At this time, the Department has no further comments regarding this revision.

Sincerely,

Luci Snowden
Environmental Scientist
