### Variance Permit Request Dated November 11, 2013:

To operate an electronic scale data storage and retrieval system that deviates from North Dakota Weights and Measures rules as follows:

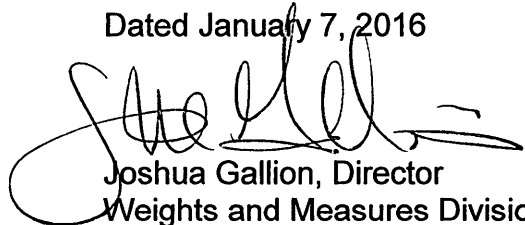

- 1) The stored tare weight is not identified with an "S."
- 2) The recalled tare weight printed on the Bill of Lading is not identified with an "R."

**Permanent Variance Permit Conditions:**

- The software and Bill of Lading must provide all other information required by the North Dakota Laws and Rules to ensure the customer can verify the accuracy of the transaction, and a copy of the Bill of Lading provided to the customer;
- An external scale display must be available for the truck driver to verify the inbound and outbound weights match the printed weights;
- The stored weights may not be used for more than one commercial transaction;
- Except for the specific variance granted by Permit No. 485, the scale must be operated according to all applicable North Dakota Laws and Rules;
- The enclosed variance permit must be posted near the designated scale in a place clearly visible to the public; and
- Failure to comply with the variance permit conditions may result in revocation.
