**Re: Case No. PU-14-034
Tempo Telecom, LLC Notification of Additional Underlying Carrier**

Dear Mr. Nitshke,

Tempo Telecom, LLC (“Tempo”) was designated as an eligible telecommunications carrier (“ETC”) by the North Dakota Public Service Commission (“Commission”) on November 6, 2014 in the above-referenced docket. As noted in the Commission’s approval order, Tempo utilizes Sprint as its underlying wireless carrier for Tempo’s provision of wireless Lifeline service in North Dakota.

By this letter, Tempo hereby informs the Commission that it will also utilize T-Mobile as an underlying wireless carrier for Tempo’s provision of prepaid wireless Lifeline service in North Dakota. The addition of T-Mobile as one of Tempo’s underlying carriers has no effect on Tempo’s Lifeline service offerings or Tempo’s designated service area in North Dakota, which were approved by the Commission in its November 6, 2014 approval order. Tempo will continue to offer the prepaid wireless Lifeline service plans previously approved by the Commission and will continue to provide its prepaid wireless Lifeline service only in its approved designated service area.

If you have any questions, please contact the undersigned at jamie.sark@mytempo.com or at 478-476-7936.

Sincerely,

James Sark
