**Subject:** Metrology Extension

Good Afternoon John

We received your request, dated July 29, 2013, for a metrology recertification extension due to scheduling with the Minnesota metrology lab.

Under North Dakota Administrative Code Section 69-10-03-02, the Commission may extend the twelve-month recertification interval to fifteen months.

Based on your request, I am extending the recertification for your standards from July 25, 2013 to October 25, 2013.

RE: Company Annual Permit

I am writing this letter to request for an extension of the Company Annual Permit which has officially expired on 7/25/13. My light duty weights (1,000 lbs. And smaller) are scheduled for calibration in Minnesota on August 15 and 16 of 2013. My heavy duty test weights (2,500 block weights and dollies) are currently pending for scheduling at Minnesota. I thank you for your consideration and wait for your reply.

Thank You,  
John Heinisch
