Dear Mr. Weaver:

The Reclamation Division has reviewed Dakota Westmoreland Corporation's May 6, 2014 response to our March 3, 2014 completeness review letter for Revision No. 29 to Permit No. KRSB-8802 at the Beulah Mine. With the revised and additional information included in the May 6th response, the Reclamation Division deems the permit revision application to be complete and you may begin publication of the newspaper notices. As required by NDCC 38-14.1-18(1), please submit the affidavits of publication when complete.

Please provide this office with two copies of the updated permit revision application for distribution to advisory committee members. Please ensure that a copy of the permit revision application is available for viewing at the Mercer County Auditor's office by the date of the first publication of the newspaper notices.

Please contact this office if you have any questions.

Sincerely,

James R. Deutsch
