March 4, 2014

Mr. Troy Leingang  
Environmental Manager  
Coteau Properties Company  
204 County Rd. 15  
Beulah, ND 58523

Dear Mr. Leingang:

The Reclamation Division has completed an initial review of Renewal 6 and Revision 21 to Permit NACT-8401 which was submitted February 19, 2014 in response to our pre-renewal review. We have determined Revision No. 21 to be an insignificant alteration to the approved permit plans, in accordance with NDAC 69-05.2-11-02(5), and therefore the revision is not subject to the public notice requirements of NDAC 69-05.2-10 and NDCC 38-14.1-18. The following must be addressed prior to publishing the public advertisement for the renewal application.

### Public Notice

1. Please edit the public notice advertisement to remove all references to Revision 21 since this revision is not a significant revision subject to the public notice requirements. (GAW)
2. The second paragraph of the public notice states that Revision 21 updates the legal information, identification of interest and rights of entry, business entity/compliance information, environmental resource information and operation plans for renewal No. 6 of the permit. This should be deleted as the revision is not significant. (GAW)
3. Please revise the map that is included with the newspaper publication to remove all reference to Revision 21. (GAW)

If you have any questions, please contact this office.

Sincerely,

James R. Deutsch  
Director  
Reclamation Division
