Mr. Steven Kahl
Executive Secretary
North Dakota Public Service Commission
600 E. Boulevard, Dept. 408
Bismarck, ND 58505-0480

**RE: Sunflower Wind Project, LLC's Request for Extension of Time to Install Light-Mitigating Technology System
Case No. PU-14-105**

Dear Mr. Kahl:

Enclosed for filing are an original and four (4) copies of the following hearing exhibits for Sunflower Wind Project, LLC:

- Exhibit 1: Project Overview Map;
- Exhibit 2: Project Lighting Configuration Map;
- Exhibit 3: ADLS Operational Chart for Maine Projects;
- Exhibit 4: Petition in Support of Extension;
- Exhibit 5: Map of Petition Signatory Properties; and
- Exhibit 6: Timeline for Terma ADLS Technology Installation.

Electronic copies of the enclosed documents and this letter were filed with the Commission today via e-mail.

If you have any questions, please let me know.

Sincerely,

MOLLIE M. SMITH

Maine Project ALDS Operation History

No-Objection Statement to Extension of Light Mitigation Deadline for Sunflower Wind Farm

A law was passed by the North Dakota Legislature (North Dakota Century Code section 49-22-16.4(3)) which established a deadline of December 31, 2021 for the Sunflower wind farm to have a functioning light-mitigating technology system for FAA lights on turbines. We understand the Sunflower wind farm has been diligently working to meet this goal but because of technical and economic feasibility considerations it may be advantageous to have additional time to comply with this requirement.

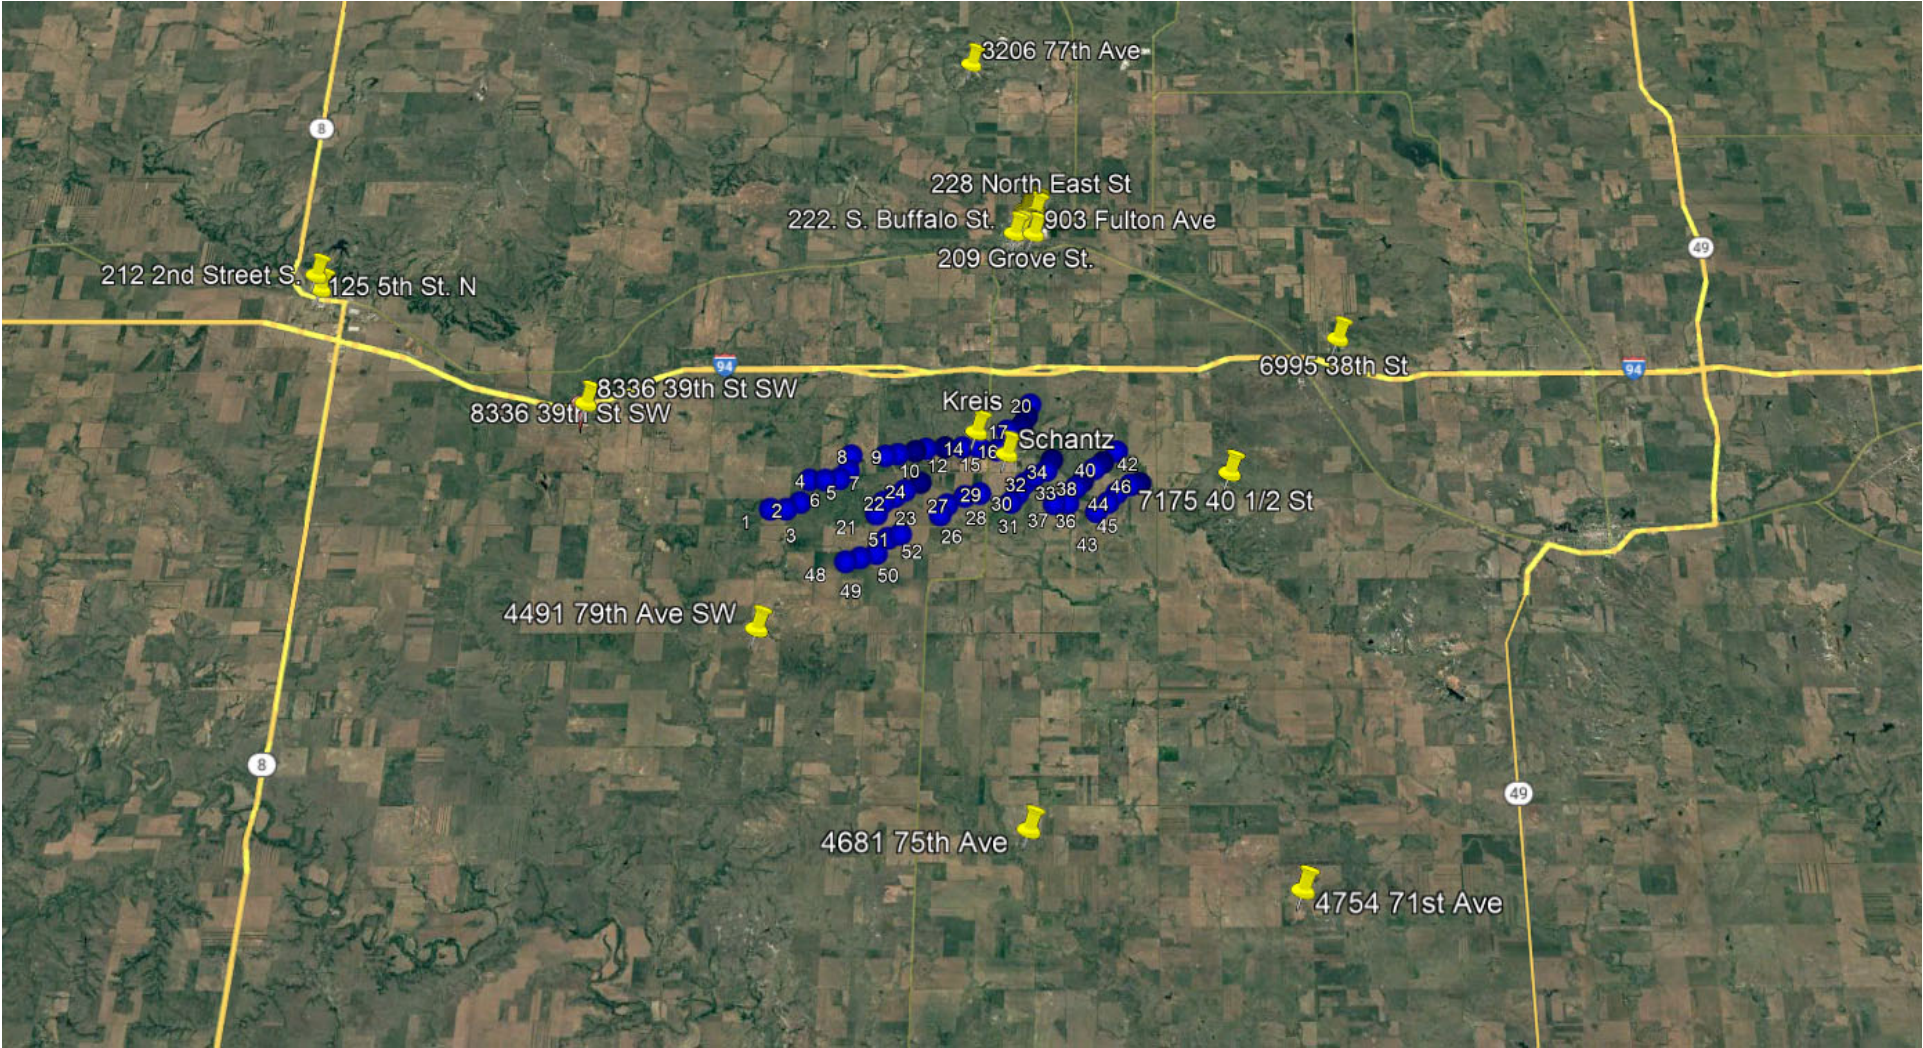

We, the undersigned, have no objection to the Sunflower wind farm receiving a two-year extension to this deadline, to allow Sunflower wind farm to meet this obligation.
