In re: Whiting Oil and Gas third party complaint
Damage Prevention Case GS-14-123

Dear Mr. Nitschke:

Whiting Oil & Gas would like to withdraw our third party damage complaint against Aevenia, Inc (case GS-14-123).

Aevenia Inc. has compensated Whiting Oil & Gas for the damages caused by their excavating equipment during a line strike. Aevenia Inc. has also required their employees associated with excavation to attend Whiting's, One Call and Excavation policies training.

Aevenia Inc. West Regional Manager, Dan Olson has been in contact with me since this incident and has been working with Whiting's One Call locate staff to make sure that an incident like this does not happen again.

Because of Aevenia Inc. and specifically Mr. Olson's willingness to work with Whiting's One Call Team to ensure the future safety of both companies employee's, Whiting Oil & Gas feels that withdrawing this complaint would be appropriate. Thank you.
