I never did find an email stating staff intended to let this tariff go into effect without further ado. Nonetheless, John please close the case as tariff is rather innocuous, has been reviewed by staff noting no exceptions and will be allowed to go into effect automatically. Thx. Mike

I think 14-214 is an outage report. What is this in regard to and do you have another number. Mike

John, do you know if the PSC is going to order on PU-14-214? It's just a very minor misc tariff adjustment, so perhaps not (its been over 30 days since we filed so technically its already effective). Just let me know so we can file the final tariff with the psc.

Thanks!
