Re: PU-14-223: Information Request Response
Meadowlark Midstream Company-Divide Lateral Pipeline Project

Ms. Prescott,

Enclosed you will find a CD which contains a revised newspaper graphic and a file folder containing the spatial data utilized in the preparation of the Meadowlark Midstream Company's (MMC) Divide Lateral Pipeline Project (Project) Consolidated Application (Application). More specifically, the data is in ESRI shapefile format with the appropriate attribute data and metadata for each data layer. The data coordinate system will be NAD 1983, NAD 1983 UTM Zone 13N or NAD 1983 State Plane North Dakota S FIPS 3302 (US Feet) pending the file the data layer being accessed.

E3 Environmental (E3) has been retained by MMC to provide environmental consulting services. Should you have any questions or require additional information please contact myself at kschmidt@go2e3.com or via phone (651) 216-6881, or you may contact John W. Morrison, Crowley Fleck Attorneys at jmorrison@crowleyfleck.com or via phone (701) 224-7534, MMC's local council.

Sincerely,

Katie Schmidt, Senior Consultant
