PUBLIC SERVICE COMMISSION

ONEOK Bakken Pipeline, L.L.C. **Case No. PU-14-254**
Targa Lateral Pipeline Pjct – McKenzie County
Siting Application

AMENDED NOTICE OF FILINGS AND NOTICE OF HEARING

August 4, 2014

On May 29, 2014, ONEOK Bakken Pipeline, L.L.C. (ONEOK) filed an application for waivers of procedures and time schedules established under North Dakota Century Code Sections 49-22-07.2, 49-22-08(5), 49-22-08.1(5), 49-22-13, and North Dakota Administrative Code Section 69-06-01-02 requiring separate filings, separate notices, and separate hearings on applications for a certificate of corridor compatibility and an application for a route permit. Also on May 29, 2014, ONEOK filed an application for a certificate of corridor compatibility and an application for a route permit concerning the construction of a 10.6-mile, 6-inch Natural Gas Liquids (NGL) pipeline in McKenzie County, North Dakota, as shown on the attached map.

On July 30, 2014 the Commission deemed the application complete and issued a Notice of Filing and Notice of Hearing. The Commission did not publish or serve the Notice.

On July 31, 2014 ONEOK filed an Amendment of Application for Route Permit. The changes noted on this amendment are:

- Change of pipe size from 6-inch to 8-inch
- Re-route Targa Saddle Butte Plant tie in point 240 feet east of the original location
- Re-route around a future well pad site on Section 12, Township 149N, Range 100W

By its August 4, 2014 Motion, the Commission deemed the amended application for route permit complete and allowed the pleading to be amended.

A public hearing on the applications is scheduled to be held on **September 15, 2014, at 9:00 AM CDT, at Teddy's Residential Suites, 113 9th Avenue SE, Watford City, North Dakota 58854.**

The issues to be considered in the application for waiver of procedures and time schedules are:

1. Are the proposed facilities of such length, design, location, or purpose that they will produce minimal adverse effects and that adherence to applicable procedures and time schedules may be waived?

2. Is it appropriate for the Commission to waive any procedures and time schedules as requested in the application?

The issues to be considered in the applications for a certificate of corridor compatibility and a route permit are:

1. Will the location, construction and operation of the proposed facilities produce minimal adverse effects on the environment and upon the welfare of the citizens of North Dakota?

2. Are the proposed facilities compatible with the environmental preservation and the efficient use of resources?

3. Will the proposed facility locations minimize adverse human and environmental impact while ensuring continuing system reliability and integrity and ensuring that energy needs are met and fulfilled in an orderly and timely fashion?

For more information contact the Public Service Commission, State Capitol, Bismarck, North Dakota 58505, 701-328-2400; or Relay North Dakota, 1-800-366-6888 TTY. If you require any auxiliary aids or services, such as readers, signers, or Braille materials, please notify the Commission at least 24 hours in advance.
