Oil Pipeline Tariff Filing

North Dakota Public Service Commission
State Capital – 12th Floor
Bismark, ND 58505 - 0480
Attn: Public Utility Division

Tariff Department:

Enclosed for filing with the North Dakota Public Service Commission (NDPSC) are seven copies of the following tariff issued by North Dakota Pipeline Company LLC (North Dakota Pipeline):

- NDPSC Tariff No. 9, canceling NDPSC Tariff No. 8

This tariff bears an issuance date of May 30, 2014 and an effective date of July 1, 2014.

Explanation of Tariff Filing

The filing of this tariff is in part, an index compliance filing in accordance with 18 C.F.R. 342.3, and in part, a compliance filing in accordance with settlement agreements and the Transportation Service Agreement (TSA) described below. Only the base portion of the North Dakota Pipeline rates is subject to the Federal Energy Regulatory Commission (FERC or the Commission) index and the settlement agreements are not subject to indexing.

On October 31, 2006, the Commission issued a letter order (FERC Docket No. OR06-9-000) approving the Phase 5 Offer of Settlement with respect to two agreed upon changes to North Dakota Pipeline's tariff rates: (1) the Mainline Surcharge; and (2) the Looping Surcharge. The Mainline Surcharge expired December 31, 2012 and the Looping Surcharge is a cost-of-service based surcharge that is not subject to the FERC index methodology.

In January 2008, North Dakota Pipeline filed an Offer of Settlement seeking the Commission's approval of a mechanism to recover the costs of the planned Phase 6 Expansion of capacity on the pipeline's system, which was approved by the Commission on October 20, 2008 (FERC Docket No. OR08-6-000).

The Offer of Settlement outlined that the expansion costs would be recovered through a cost-based surcharge that is trued-up annually and is not subject to the FERC index methodology. The surcharge is added to the existing North Dakota Pipeline base rates and other previously-approved surcharges.

In August 2010, North Dakota Pipeline filed a Petition for Declaratory Order (PDO) that included TSAs seeking the Commission's approval of the North Dakota Pipeline and Bakken Pipeline Company LP portions of the Bakken Expansion Program, which was approved by the Commission on November 22, 2010 (FERC Docket No. OR10-19-000). The Order on the PDO approved committed rates that were the sum of a negotiated per barrel base committed rate and a per barrel "flow through" charge for operating costs. Only the base committed portion of the rate is subject to indexing.

Appendix A, attached to this filing, is a table showing the ceiling levels on the base portion of the North Dakota Pipeline rates that are subject to the July 1, 2014 multiplier of 1.038858 issued by the Commission on May 14, 2014 in Docket No. RM93-11-000. Appendix B is a table showing the individual components of the North Dakota Pipeline rates: (1) the base indexed rate as calculated in Appendix A; (2) the Phase 5 Mainline Expansion Surcharge; (3) the Phase 6 Expansion Surcharge; and (4) the Operating Cost Charge (Table 5 only).

In addition to the indexing of rates, NDPSC Tariff No. 9 also makes the following changes:

- As per the TSA, the Operating Cost Charge component of the committed trunk line rates to Berthold (Table 5) has been adjusted to the actual operating costs and throughput volumes for 2013 and the forecasted operating costs and throughput for 2014.
- Uncommitted trunk line rates from Tioga (Ramberg/Beaver Lodge Station), (Williams County), North Dakota and Berthold (Ward County), North Dakota to Berthold, (Ward County), North Dakota (Table 4) have been discounted below the 2014 index ceiling level.
- Establishment of initial gathering services and charges at:
 - Tioga (Williams County), North Dakota (see Table 7). The \$0.1087/bbl interconnection rate resulted from a request for a pipeline interconnection with Tesoro High Plains Pipeline Company to facilitate receipts into the North Dakota Pipeline at Tioga (Williams County), North Dakota. Only shippers utilizing this service will be subject to the applicable charge.
 - Alexander (McKenzie County), North Dakota (see Table 7). The \$0.1087/bbl interconnection rate resulted from a request for a pipeline interconnection with Caliber North Dakota LLC to facilitate receipts into the North Dakota Pipeline at Alexander (McKenzie County), North Dakota. Only shippers utilizing this service will be subject to the applicable charge.

- Pursuant to 18 CFR 342.2(b), attached to this filing is the affidavit of Feisal Gazie attesting that these rates have been agreed to by at least one non-affiliated shipper who intends to use the services in question.

Notification

I hereby certify that the North Dakota Pipeline has, on or before this date, delivered copies of the above tariff to each person on the North Dakota Pipeline's subscriber list by electronic means or by other means agreed upon.

Pursuant to 18 C.F.R. 343.3 of the Commission's regulations, it is requested that any protest related to this tariff filing be sent via email to Shauna Bates at Enbridge-Tariffs@enbridge.com.

If you have any questions concerning this filing, please call Feisal Gazie at (403) 231-5940.

Sincerely,

Shauna Bates
