Re: Amending pages 66 & 68 of OrbitCom, Inc's  
fka VP Telecom Switched Access Tariff

Dear Mr. Nitschke,

OrbitCom, Inc., fka VP Telecom, would like to inform the Commission that it has revised its North Dakota Switched Access Tariff. The revisions are contained on pages 66 & 68. An original and 3 copies of the amended pages are attached.

This filing is done in compliance with the FCC's order in FCC 11-161. Although OrbitCom uses a flat composite rate for access billing, the percentage of reduction is nearly identical as that of CenturyLink, the controlling ILEC in this case. In addition, the reduction is a reduction of the current local composite switching by 1/3 the difference between that composite rate and the 0.0007 figure set forth in the Order. OrbitCom has also reduced its originating and terminating VoIP rates to match this new rate as well as match its new interstate tariffed rates. Thus the reduction is in full compliance with the FCC's Order.

The revisions have the issue date of June 9 and an effective date of July 1, 2014.
