**Re: In the Matter of Otter Tail Power Company's Application to Revise the Energy Adjustment Rider to Include Emissions Controls Costs
Case No. PU-14-668
Update Filing – Billing solution and tariff mechanism for consolidation of EPA compliance costs on customer billings
Compliance Filing**

Dear Mr. Nitschke:

Enclosed please find an original and seven (7) copies of Otter Tail Power Company's ("Otter Tail's") Compliance Filing in the above-referenced matter.

On February 25, 2015, the North Dakota Public Service Commission ("Commission") issued its Motion approving Otter Tail's request to revise Tariff Section 13.08 to include emission controls costs in Case No. PU-14-668. Attached to this letter is a Non-redline version of pages 1, 2, and 3 of the Environmental Cost Recovery Rider, Section 13.08 ("Tariff Sheet"), which reflects the Commission-approved revisions. The changes to the Tariff Sheet include the addition of the Reagent and Allowance Cost Recovery rate language for this filing. No Commission action is required. The effective date on this rate schedule is May 1, 2015.

An electronic copy of this filing is also being sent to you at dnitschk@nd.gov and to the North Dakota Public Service Commission at ndpsc@nd.gov.

If you have any questions regarding this filing, please contact me at 218-739-8595 or dprazak@otpco.com.

Sincerely,

A handwritten signature in blue ink, appearing to read "David G. Prazak".
