

September 14, 2015

3:00 p.m.

**6" NGL Pipeline Project Pre Construction Meeting**

Held in Skip Vest's office via conference call

**Attendees:**

Skip Vest Caliber Midstream 720-684-4388

Julie Prescott

Nathan K-2 Engineering

Samantha Slumberg K-2 Engineering

Deb Autrey Caliber Midstream

Julie read each of the 35 line items out of the "Certification Relating to Order Provisions – Transmission Facility Siting" document.

1-27. No further discussion

28. Julie asked if a letter was sent to the landowner notifying them about the easement. Skip verified with a yes they were notified.

30-35. No further discussion

36. Julie asked if Caliber needed to complete the NDCC application to replant trees or shrubs. Skip told her there was no need to re-plant any vegetation in this area.

\*\*\*\*\*

Julie double checked to see they received the documentation of who a landowner can contact should they have a complaint. Julie did not see a name or number and asked Skip to provide her a contact name via email. Include with this email the contact name and phone number and the facility name this is referring too.

Nathan would like the information on the certificate of reclamation, and the information of when the facility started (May 2015)

Nathan would like copies of the GIS Shape Files. Skip will provide him with the files.

**Prescott, Julie S.**
