**Subject:** Proposed carbon rules on power plants

Dear Mr. Kalk:

I listened in to most of the television program Wednesday evening on Channel 4.

You did a good job. I don't recall the name of the person that was on with you but, he did a poor job (which is good).

As Manager of Cavalier Rural Electric Cooperative, Inc. in Langdon, we have had enough rate increases for the extreme demands required and proposed by EPA.

EPA has a budget of about \$700 million. They pay for none of the expenses that are incurred as a result of their requirements.

We strongly oppose this new set of proposed rules.

Sincerely,

Duane L. Otto, Manager  
CAVALIER RURAL ELECTRIC COOPERATIVE, INC.
