Dear Ms. Perry-Chambers:

RE: Demicks Lake Gas Processing Plant

ONEOK Bakken Pipeline, LLC has proposed the construction of the Targa Lateral Pipeline, a new 10.6-mile 6-inch diameter NGL pipeline that will originate at Targa's Saddle Butte Plant and terminate at an interconnect with ONEOK's Garden Creek pipeline south of Arnegard in McKenzie County, North Dakota.

The North Dakota Game and Fish Department (NDGF) has reviewed this project for wildlife concerns. We do not believe it will have any significant adverse effects on wildlife or wildlife habitat, including species of conservation priority, based on the information provided.

Private Lands Open to Sportsmen (PLOTS) is a public access program which cost-shares with private landowners to help conserve fish and wildlife habitat. PLOTS lands are not owned or managed by the ND Game and Fish Department. Information regarding PLOTS locations is available at: <http://gf.nd.gov/hunting/private-land-open-sportsmen>. This page is updated to reflect changes as tracts are added or removed.

Sincerely,

Greg Link
