In re: ONEOK Rockies Midstream, L.L.C.
Demicks Lake Gas Processing Plant
McKenzie County
Case No. PU-14-764
Our File No. 072530-000009

Dear Mr. Schuh:

On March 26, 2018, ONEOK Rockies Midstream, L.L.C. ("ONEOK") filed a notification letter pursuant to paragraph 30 of the Certification Relating to Order Provisions in the above-referenced case. ONEOK's filing informed the Commission of minor modifications ONEOK proposes to make to the construction of the facility. ONEOK respectfully requests that the Commission allow ONEOK to commence construction of the Demicks Lake Gas Plant as detailed in its March 26, 2018 filing. *See* PU-14-764 Docket No. 38.

In the event the Commission should deem notice and opportunity for hearing required, ONEOK requests that the Commission simultaneously issue a notice of opportunity for hearing to amend paragraph 30 as follows:

Company understands and agrees that it shall inform the Commission in writing of any plans to modify the energy conversion facility, or of any plans to modify the site plan for the energy conversion facility. Company will either comply with the requirements of Section 49-22-03(3) 49-22.1-01(3) or, if the modification is not within the parameters established by Section 49-22-03(3) 49-22.1-01(3), obtain written approval from the Commission prior to any modifications to the site plan or the energy conversion facility, associated facilities, and roadway locations. ~~Except as otherwise provided in Section 49-22-03(3)(b), which does not require~~

~~notice and hearing for approval, approval may be granted after notice and opportunity for hearing.~~

The removal of the aforementioned language provides the Commission flexibility to approve facility modifications without requiring that a notice and opportunity for hearing be issued in instances where notice is not otherwise required nor warranted.

Please feel free to contact the undersigned should you have any questions. Thank you.

Sincerely,

John W. Morrison

JWM/lh
