Gerí, Our Engineer said you are definitely closer and we will not object. Plow it in quick, I saw flakes this morning. Our wonderful fall is coming to an end.

I have requested temp authority – however if you think you want to serve this in Sec 20 ,let me know asap and I will pull the request. The landowner wants underground, so will need to get that installed soon.

Thanks,

Geri, We have not been contacted, however we are not going going to intervene on this. I will have our engineer take a look at the new one and bring his recommendation to the board in November.

Thanks Darrin

**Subject:** temporary authority

Darrin –

Have you been contacted by the PSC regarding the temporary authority for CP Rail that was sent on Oct 20<sup>th</sup>? I noticed on the docket they emailed Jay so I wasn't sure if that was forwarded to you or not. I am hoping to put up to these facilities late this week or early next week if approval is granted. Another request was emailed this morning.

Let me know if you have questions.

Thanks,
