September 5, 2014

Ms. Bauske:

I am writing to you in regards to our 110' Mettler Toledo truck scale located at our grain terminal in Park River, ND to request a variance permit based on variance permit request rule Section 69-10-01-04. The Variance Request is based upon the clearance between the top of the pier and the bottom of the scale. During a recent inspection, it was noted and brought to our attention that the distance between the piers and bottom of the scales is 1" shy of the requirements, per the North Dakota State Requirements.

Please note the following in consideration of our variance request:

1. Grain Terminal Truck Scale: The clearance from the top of the washout slab to the bottom of the scale is required 12"; however, from the top of the pier to the bottom of the scale 11"; 1" less than the requirement of the State of North Dakota.
2. Based upon these findings, we are requesting a variance permit from this truck scale foundation. Our facility has received a quote/bid from a contractor, and in order to raise the scale/modify the foundation; it would require us purchasing a riser kit that would be 6" in height and then building up the concrete on the approach and lengthening the existing ramps to accommodate the slope. This would cost somewhere between \$11,000 - \$14,000, not taking into account the down time involved in this process or potential loss of business.

It would be very much appreciated if you would take our variance request under consideration and let me know your decision as soon as possible. Thank you for your time.

Regards,

Joe Gullickson

Generate an Annual Report To File

To Generate a Annual Report form to be filed with the Secretary of State, select the appropriate year of the report you intend to file. This report does not contain details of a report previously filed with the Secretary of State. The annual report years reflected are an indication of the various report forms available in this site and is not an indication that an entity needs to file reports for all years. Missing years indicate that the forms for the missing year have not yet been deployed to the website, or have already been removed, and can be obtained by contacting the Secretary of State.
