RE: Case No. PU-14-840, Hiland Crude, LLC, Dore Crude Oil Loop Pipeline –
McKenzie County

Dear Mr. Bender,

On May 4, 2017, the North Dakota Public Service Commission received a letter from Travis Beakley at Kinder Morgan, Inc. in response to the Commission's request for further reclamation activities on the Dore Pipeline route. We are appreciative of the Company's efforts to restore the land disturbed by this pipeline.

To ensure that reclamation is complete, we ask that the Company respond this fall as to its reclamation efforts identified in the photographs included as part of the Company's May 4, 2017 letter by returning to these sites and providing updated photographs of the sites after completion of the 2017 growing season. If the updated photographs do not confirm adequate reclamation, we would then ask that the Company continue to monitor and report on these areas.

You may contact me at 701-328-4153 with any questions concerning this letter.

Best regards,

Sara Cardwell
Public Utility Analyst
