RE: Hiland Crude, LLC.
Dore Crude Oil Loop Pipeline- McKenzie County
2017 Revegetation Status
Case No. PU-14-840

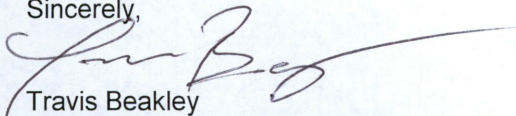

Mr. Nitschke,

Hiland Partners, LLC (Hiland) received a letter and post construction inspection report, dated March 6, 2017, on March 16, 2017. Hiland performed reclamation activities on April 27th of 2017. Photographic evidence and descriptions of these reclamation activities was provided to the North Dakota Public Service Commission. A letter was received on May 24, 2017 requesting additional photographs of the reclaimed areas at the end of 2017 growing season. Photos of all reclaimed areas are provided in Attachment A.

Hiland believes the sites have properly revegetated, also have received no landowner notifications, and respectfully requests that these actions be considered final and deemed completed. If the commission agrees with this statement written correspondence recommending closure these items is requested by Hiland.

Should you need any additional information regarding the reclamation activities discussed above or the process that Hiland took to correct these actions please feel free to contact Travis Beakley at 719-520-3738 or via email at travis_beakley@kindermorgan.com.

Sincerely,
