**Subject:** FW: Recordable Injury Energy Transfer

Commissioners:

I have received the following notification from Kathy Moreno (HR representative for Dakota Access. The incident occurred on 10/17/16 at the Epping terminal.

Per the Certification to Order Provisions attached to the Order in this case (provision #27, see below), Dakota Access is required to notify the Commission within five business days when an injury to any person occurs.

- 27. Company understands and agrees that it shall advise the Commission of any extraordinary events which take place at the site of the transmission facility, including injuries to any person, or the death of any threatened or endangered species on the site within five business days of such event.**

Thanks,  
Julie

Julie  
Our contractor Matrix had a finger injury which resulted in an OSHA Recordable. Employee was removing a walk behind trencher from work area. Employee traveled under the cable tray and pipe rack, when trencher traveled over a rock and pinched employees finger. Employee was taken to the hospital where XRAYs were taken. Employee was taken to surgery where pins were placed. employee was placed on modified duty. Please contact me with further questions  
Thank You  
Kathy
