Thank you for your May 22, 2017 letter notifying the Commission of Dakota Access, LLC's three additional route adjustments that occurred during construction outside the corridor designated by the Commission in Case No. PU-14-842, and were no longer than one and one-half miles. Commission Staff found errors on page 2 of the letter and believes that:

- In the first sentence of the description of route adjustment 1, the route adjustment should be 133 and not 134.
- In the first sentence of the description of route adjustment 2, the route adjustment should be 134 and not 135.
- In the first sentence of the description of route adjustment 3, the route adjustment should be 135 and not 136.
