2018 Williston Basin Petroleum Conference

Energy Transmission Siting in North Dakota: An Overview of Procedures for Route Adjustments Before or During Construction of Transmission Pipelines

Tuesday, May 22, 2018 – 4:00 p.m.

Lawrence Bender, on behalf of Dakota Access, LLC, and in cooperation with the North Dakota Public Service Commission, will be available during the annual meeting to provide information and answer any questions you may have regarding the Public Service Commission's siting and route change process as well as unanticipated discovery procedures. Please pay Lawrence a visit or leave a message for him at the registration desk if you would like to meet with Lawrence to learn more about this important process.

Location: Bismarck Event Center
315 South 5th Street
Bismarck, ND 58504
