Meeting Minutes: Meeting started at 9:00 a.m., with all participants attending remotely. After introductions, Kevin Solie provided a brief history of the project and the requirements/rationale for the NDPSC preconstruction meeting. Victor Schock reviewed the NDPSC order on continuing suitability, the PU-14-852 original order conditions, and the Basin Electric certification relating to order provisions. Trent Schwan indicated Basin Electric and its contractor understood the requirements and would comply. Victor Schock indicated the third-party inspection would be conducted once site work has been completed. The meeting concluded at 9:24 a.m.

Notice of Intent to Start Construction: This document also serves as Basin Electric's Notice of Intent to Start Construction for Lonesome Creek Station Unit 6.
