Mr. Darrell Nitschke  
Executive Secretary  
North Dakota Public Service Commission  
600 East Boulevard Avenue, Twelfth Floor  
Bismarck, ND 58505-0480

**RE: Federal Communications Commission's ETC Annual Report**

Pursuant to Sections 54.313 and 54.422 of the Federal Communications Commission's Rules (47 C.F.R. §§ 54.313, 54.422), attached please find an original and three (3) copies of the ETC Annual Reports (FCC Form 481) that were filed with USAC and will be filed with the FCC. The attached are submitted by JSI on behalf of Reservation Telephone Cooperative. An electronic copy of the redacted version has also been submitted.

Please note that some of the information included in the completed FCC Form 481 Report is confidential and proprietary. Confidential information has been placed in an envelope marked "Trade Secret – Private" and sealed.

Along with this filing you will find enclosed a copy of this transmittal letter marked "File Stamp Copy" to be stamped and returned to JSI as confirmation that the hard copies of this filing have been received by the Commission as well. Please return the stamped copy of this transmittal letter in the envelope provided for this purpose.

Please contact the undersigned if you have any questions.

Sincerely,

John Kuykendall, Vice President

Authorized Representative for  
Reservation Telephone Cooperative

**Re: WC Docket No. 14-58  
2015 ETC Annual Report of Reservation Telephone Cooperative  
Study Area Code 381632**

Dear Ms. Dortch:

On behalf of Reservation Telephone Cooperative (“Reservation”), JSI files the attached confidential and redacted versions of the FCC Form 481 ETC annual reporting information pursuant to sections 54.313 and 54.422 of the Commission’s rules.<sup>1</sup> Reservation seeks confidential treatment under Protective Order for section 54.313(f)(2) financial information.<sup>2</sup> The redacted version is also being filed this date via the FCC’s Electronic Comment Filing System. In addition, attached is a letter requesting confidential treatment under Sections 0.457 and 0.459 of its Progress Report on its Five-Year Service Quality Improvement Plan as required by Section 54.313(a)(1).<sup>3</sup>

Please direct any questions regarding the filing to the undersigned.

Sincerely,

John Kuykendall

**Re: WC Docket No. 14-58  
2015 ETC Annual Report of Reservation Telephone Cooperative  
Study Area Code 381632  
Request for Confidentiality**

Dear Ms. Dortch:

John Staurulakis, Inc. ("JSI"), on behalf of its client Reservation Telephone Cooperative (the "Company") hereby requests, pursuant to Sections 0.457 and 0.459 of the Commission's rules,<sup>1</sup> withholding from public inspection certain information contained in an attachment to the above referenced reporting requirement. The Company provides the following in support of its request, numbered consistent with the subparagraphs of Section 0.459(b).<sup>2</sup>

1. The information for which the Company is seeking confidential treatment is an attachment to the Company's annual reporting information pursuant to Sections 54.313 and 54.422 of the Commission's rules ("Report").<sup>3</sup>
2. Pursuant to Section 54.313(a)(1), Rate-of-Return Eligible Telecommunications Carriers ("ETCs") must file with the Commission a Progress Report on its Five-Year Service Quality Improvement Plan ("Progress Report") which is contained in the attachment to the 2015 Report.<sup>4</sup>
3. The information contained in attachment for which the Company seeks the withholding from public inspection is the entirety of data pertaining to the Company's Progress Report provided at FCC Form 481 Line 112 attachment.

<sup>1</sup> 47 C.F.R. §§ 0.457, 0.459.

<sup>2</sup> 47 C.F.R. § 0.459(b)(1) through (9).

<sup>3</sup> 47 C.F.R. §§ 54.313, 54.422.

<sup>4</sup> 47 C.F.R. §§ 54.313(a)(1).

Echelon Building II, Suite 200  
9430 Research Blvd., Austin, TX 78759  
phone: 512-338-0473, fax: 512-346-0822

Eagandale Corporate Center, Suite 310  
1380 Corporate Center Curve, Eagan, MN 55121  
phone: 651-452-2660, fax: 651-452-1909

6849 Peachtree Dunwoody Road  
Bldg. B-3, Suite 200, Atlanta, GA 30328  
phone: 770-569-2105, fax: 770-410-1608

547 South Oakview Lane  
Bountiful, UT 84010  
phone: 801-294-4576, fax: 801-294-5124

Information of this nature is confidential commercial information routinely withheld from public inspection.

4. With respect to identifying the degree to which the subject attachment concerns a service that is subject to competition, the information is of a financial and competitive nature regarding the provision of telecommunications services. The Line 112 attachment contains competitively sensitive information related to proposed improvements or upgrades and maintenance the Company's network.

In its *March 5, 2013 Order*, the FCC. The FCC specified that for rate-of-return carriers, the five-year plans "should describe the carrier's network improvement plan, which should provide greater visibility into current plans to extend broadband service to unserved locations in rate-of-return service territories."<sup>5</sup> The Company's Progress Report updates this information as well as provides maps and detailed information as to whether or not network improvement objectives were achieved at the wire center level. Accordingly, because the Company is a rate-of-return carrier, it must file Progress Reports which contain proprietary, competitively sensitive information related to the Company's existing network including the specific locations of customers as well as describe proposed improvements or upgrades and maintenance of its network throughout its service area. Specifically, this information sets forth services provided by the Company over its existing network including specific locations of customers as well as planned network improvement and maintenance for the years 2015 through 2019 including project start and completion dates, population that will be impacted by the improvements and upgrades at the wire center level and projected capital costs associated with the improvements and upgrades and operating costs associated with maintaining the network including depreciation for investments that have already been made. As such, this information contains competitively sensitive information related to the Company's existing network as well as detailed plans at the wire center level for network upgrades and maintenance projected for the years 2015 through 2019.

5. With respect to identifying possible exposure to competitive harm, the information contained in the Line 112 attachment is information that is not customarily released to the public. This information is proprietary to the Company, is unique to the Company's serving territory and is only known to the Company and its authorized agents. If the Information is not protected, it would have economic value to potential competitors who would be able to target their marketing to specific customers. In a competitive telecommunications marketplace, this type of information is highly sensitive. If publicly disclosed, it would enable competitors to craft business plans that capitalize on their knowledge of the locations of the Company's customers which would place the Company at a competitive disadvantage.

---

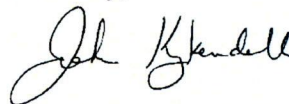

<sup>5</sup> See *Connect America Fund et al.*, WC Docket 10-90 *et al.*, Order, DA 13-332 (rel. Mar. 5, 2013) ("*March 5, 2013 Order*") at para 9 *citing* Section 54.202(a) (1) (ii).

6. With respect to steps the Company has taken to ensure against unauthorized disclosure of the information contained in the attachment, the Company is filing the attachment under seal. The Company uses the information contained in the Progress Report to ensure that its customers continue to receive state-of-the-art high quality telecommunications and broadband services that the Company has been providing to them for many years as well as to satisfy mandatory reporting requirements and does not share the information for which protection is sought. The Company protects the secrecy of this information with a security protocol that ensures the information is not inadvertently disclosed or disseminated. Only directors, managers and employees with a direct need to know are authorized to access the information.
7. Any previous versions of this information are not publicly available.
8. Because the information is not routinely available, a need exists for maintaining the confidentiality of this information permanently.
9. Not applicable.

Based on the preceding, JSI respectfully requests on behalf of the Company that the Commission grant confidential treatment under Section 0.459 to Company's Progress Report provided at FCC Form 481 Line 112 attachment.

Please contact the undersigned with any questions regarding this request.

Sincerely,

John Kuykendall  
JSI Vice President

CHECK the boxes below to note compliance on its five year service quality plan (pursuant to 47 CFR § 54.202(a)) and, for privately held carriers, ensuring compliance with the financial reporting requirements set forth in 47 CFR § 54.313(f)(2). I further certify that the information reported on this form and in the documents attached below is accurate.

(3010) Progress Report on 5 Year Plan  
 Milestone Certification (47 CFR § 54.313(f)(1)(i))

381632nd3010.pdf

Name of Attached Document Listing Required Information

(3011) Please check this box to confirm that the attached document(s), on line 3012 contains the required information pursuant to § 54.313 (f)(1)(ii), the carrier shall provide the number, names, and addresses of community anchor institutions to which began providing access to broadband service in the preceding calendar year.

(3012) Community Anchor Institutions (47 CFR § 54.313(f)(1)(iii))

381632nd3012.pdf

Name of Attached Document Listing Required Information

(3013) Is your company a Privately Held ROR Carrier (47 CFR § 54.313(f)(2))  (Yes/No)  
 (3014) If yes, does your company file the RUS annual report  (Yes/No)

Please check these boxes to confirm that the attached document(s), on line 3017, contains the required information pursuant to § 54.313(f)(2) compliance requires:

(3015) Electronic copy of their annual RUS reports (Operating Report for Telecommunications Borrowers)   
 (3016) Document(s) for Balance Sheet, Income Statement and Statement of Cash Flows

(3017) If the response is yes on line 3014, attach your company's RUS annual report and all required documentation

381632nd3017.pdf

Name of Attached Document Listing Required Information

(3018) If the response is no on line 3014, is your company audited?  (Yes/No)

If the response is yes on line 3018, please check the boxes below to confirm your submission, on line 3026 pursuant to § 54.313(f)(2), contains:

(3019) Either a copy of their audited financial statement; or (2) a financial report in a format comparable to RUS Operating Report for Telecommunications   
 (3020) Document(s) for Balance Sheet, Income Statement and Statement of Cash Flows   
 (3021) Management letter and audit opinion issued by the independent certified public accountant that performed the company's financial audit

If the response is no on line 3018, please check the boxes below to confirm your submission, on line 3026 pursuant to § 54.313(f)(2), contains:

(3022) Copy of their financial statement which has been subject to review by an independent certified public accountant; or 2) a financial report in a format comparable to RUS Operating Report for Telecommunications Borrowers,   
 (3023) Underlying information subjected to a review by an independent certified public accountant   
 (3024) Underlying information subjected to an officer certification.   
 (3025) Document(s) for Balance Sheet, Income Statement and Statement of Cash Flows

(3026) Attach the worksheet listing required information

## **Reservation Telephone Cooperative**

### **Line 310 – Detail on Unfulfilled Service Requests for Voice Service for 2014**

In 2014, Reservation Telephone Cooperative (“RTC”) received 456 requests for voice service that could not be fulfilled in a timely manner. RTC is located in the region of North Dakota that is experiencing a population boom due to the Bakken oil industry. The Bakken Oilfield is now producing one million barrels of oil per day and increasing. This production has a direct impact on the increase in population and in turn a demand for RTC's services. As such, people are moving to RTC's service area in unprecedented numbers. RTC tries to accommodate all requests for service as quickly as possible, but the requests outweigh RTC's resources. All 456 requests for voice service were a result of new construction and population growth in the RTC service area. In order to improve its ability to fulfill requests for service, RTC has hired additional employees and invested in additional equipment to help manage service requests. RTC also has a shortened construction season due to harsh climate, which adds to the delay to build lines to new homes in the service area.

## **Reservation Telephone Cooperative**

### **Line 330 – Detail on Unfulfilled Service Requests for Broadband Service for 2014**

In 2014, Reservation Telephone Cooperative (“RTC”) received 364 requests for broadband service that could not be fulfilled in a timely manner. RTC is located in the region of North Dakota that is experiencing a population boom due to the Bakken oil industry. The Bakken Oilfield is now producing one million barrels of oil per day and increasing. This production has a direct impact on the increase in population and in turn a demand for RTC's services. As such, people are moving to RTC's service area in unprecedented numbers. RTC tries to accommodate all requests for service as quickly as possible, but the requests outweigh RTC's resources. All 364 requests for broadband service were a result of new construction and population growth in the RTC service area. In order to improve its ability to fulfill requests for service, RTC has hired additional employees and invested in additional equipment to help manage service requests. RTC also has a shortened construction season due to harsh climate, which adds to the delay to build lines to new homes in the service area.

**Reservation Telephone Cooperative's Demonstration of Compliance with  
Applicable Service Quality Standards and Consumer Protection Rules**

In establishing this certification in its *2005 ETC Order*,<sup>1</sup> the FCC found that an ETC must make "a specific commitment to objective measures to protect consumers."<sup>2</sup> The FCC found that for wireless ETCs, compliance with CTIA's Consumer Code for Wireless Service would satisfy this requirement" and that the sufficiency of other commitments would be considered on a case-by-case basis.<sup>3</sup> In this context, the FCC stated, "to the extent a wireline or wireless ETC applicant is subject to consumer protection obligations under state law, compliance with such laws may meet our requirement."<sup>4</sup>

**Reservation Telephone Cooperative** ("Company") hereby certifies that it is complying with applicable service quality standards and consumer protection rules. The Company is subject to consumer protection obligations under federal law and, to a limited extent under North Dakota state law as a telecommunications carrier subject to North Dakota Public Service Commission regulation. These obligations include, but are not limited to, the following: (1) adherence to state requirements that the Company complies with consumer protection and service quality standards pursuant to North Dakota Administrative Code Article 69, including customer requests for lowest price

---

<sup>1</sup> *Federal-State Joint Board on Universal Service*, CC Docket No. 96-45, Report and Order, FCC 05-46 (rel. Mar. 17, 2005) ("2005 ETC Order").

<sup>2</sup> *Id.* at para. 28.

<sup>3</sup> *Id.* The FCC noted that under the CTIA Consumer Code, wireless carriers agree to: "(1) disclose rates and terms of service to customers; (2) make available maps showing where service is generally available; (3) provide contract terms to customers and confirm changes in service; (4) allow a trial period for new service; (5) provide specific disclosures in advertising; (6) separately identify carrier charges from taxes on billing statements; (7) provide customers the right to terminate service for changes to contract terms; (8) provide ready access to customer service; (9) promptly respond to consumer inquiries and complaints received from government agencies; and (10) abide by policies for protection of consumer privacy." *Id.* at n. 71.

<sup>4</sup> *Id.* at n. 72.

service alternatives (69-09-05-01), discontinuance of telecommunications services (69-09-05-02), deposits and guarantees (69-09-05-03); (2) truth-in-billing requirements, and (3) CPNI, Red Flag Rules and other applicable federal and state requirements governing the protection of customers' privacy.

The Company is subject to consumer protection obligations for broadband services under federal law. These obligations include, but are not limited to, the following: public disclosure of accurate information regarding network management practices, performance, and commercial terms of broadband internet access services; as a means of providing sufficient information for consumers to make informed choices regarding use of such services, and for content, application, service and device providers to develop, market, and maintain internet offerings as specified in F.C.C. 47 C.F.R. Part 8 §8.3. The Company furthermore will comply with all requirements set forth in the *2015 Open Internet Order* when it becomes effective.

### **Reservation Telephone Cooperative's Ability to Function in Emergency Situations**

Reservation Telephone Cooperative hereby certifies that it is able to function in emergency situations as set forth in §54.202(a)(2)<sup>1</sup> and North Dakota Administrative Code 69-09-05-12. The Company's voice and broadband network is designed to remain functional in emergency situations without an external power source, is able to reroute traffic around damaged facilities, and is capable of managing traffic spikes resulting from emergency situations as required by Section 54.202(a)(2). The Company can change call routing translations as needed to reroute traffic around damaged facilities. Changing call routing translations will also allow the Company to manage traffic spikes throughout its network, as emergency situations require.

Specifically, each central office building is either supplied with permanent standby generators or is generator-ready, and battery back-up that enables the central office to keep running until power is restored so long as fuel is available, or until system changes are made to reroute traffic. The Company's central office can maintain a minimum 8 hours of battery reserve rated for peak traffic load requirements, and an auxiliary power unit is installed which can be delivered and connected within four hours. The Company has permanent generators and has the ability to connect portable generators at all locations. Length of run time is determined by the equipment serving the area and the number of customers working out of the equipment. Generators will continue to run as long as the Company has access to fuel. The Company tests the batteries at least once per year.

<sup>1</sup> Section 54.202(a)(2) requires ETCs that are designated by the Commission to "demonstrate its ability to remain functional in emergency situations, including a demonstration that it has a reasonable amount of back-up power to ensure functionality without an external power source, is able to reroute traffic around damaged facilities, and is capable of managing traffic spikes resulting from emergency situations."

I, Mark Fox, Chairman of the Three Affiliated Tribes of the Fort Berthold Reservation, certify that the information in this letter is accurate. Reservation Telephone Cooperative met the Federal Communications Commission's criteria for Tribal engagement with the Three Affiliated Tribes in the calendar year 2014.

Signed: Mark N Fox

Date: 6-19-15

December 22, 2014

Mark Fox, Chairman  
Three Affiliated Tribes of Mandan, Hidatsa and Arikara Nation  
404 Frontage Road  
New Town, ND 58763-9404

Dear Chairman Fox:

Reservation Telephone Cooperative ("RTC"), your independent telecommunications provider serving over 7,000 customers throughout 20 exchanges in Northwestern North Dakota wishes to engage with the Three Affiliated Tribes of the Fort Berthold Reservation about potential opportunities for broadband expansion on Tribally-owned lands within our service area. RTC wishes to build upon our existing relationship with the Three Affiliated Tribes to ensure that the telecommunications needs of your community are met by our company. Finally, RTC wishes to confirm with the Tribal Council that the company has consistently and earnestly engaged with officials, residents and businesses of the Fort Berthold Reservation in 2014 on matters related to broadband expansion on Tribal lands.

In November 2011, the Federal Communications Commission ("FCC") comprehensively reformed the Universal Service Fund ("USF") which helps companies like RTC provide state-of-the-art communications services in high-cost and rural areas. Among the reforms, the FCC adopted a rule requiring Eligible Telecommunications Carriers who receive high-cost USF support to engage with Tribal leaders about broadband deployment on Tribally-owned lands and report annually on five specific outreach activities. In July 2012, the FCC's Office of Native Affairs Policy ("ONAP") issued specific guidance on outreach and engagement activities between telecommunications providers and Tribal governments. Outreach and engagement activities must be ongoing, as RTC is required to submit annual reports to the FCC that certify and describe the engagement efforts.

RTC has a long history of dedicated involvement with the Fort Berthold Reservation. RTC has been providing voice telephone service to residents and businesses on the Fort Berthold Reservation since 1951. Approximately 85% of residents have access to high speed internet at speeds of up to 6/1 Mbps. RTC is also in the process of upgrading to a fiber-to-the-home (FTTH) broadband network. Some Fort Berthold customers are already on the fiber network and others will be upgraded to the fiber network soon. Once the fiber network is complete, 100% of residents will have access to high speed internet with nearly limitless speeds. With FTTH, customers can use, participate in, and enjoy broadband-enabled applications such as distance learning and healthcare, streaming HD video, and much more.

**Royce S. Aslakson**  
CEO/General Manager

PO Box 68  
Parshall ND 58770  
phone: 701.862.3115  
phone: 1.888.862.3115  
fax: 701.862.3821  
web: [www.RTC.coop](http://www.RTC.coop)

As of the end of 2014, the FTTH project on the Fort Berthold Reservation is 100% complete with the original design and the company continues to expand services to newly developed areas on the Reservation. RTC also received \$21.9M in stimulus funds from the American Recovery and Reinvestment Act in 2010 to expand broadband on the Fort Berthold Reservation, and we wish to work with you to ensure that these funds are used in ways where your community derives the greatest benefit.

In addition to providing state-of-the-art telecommunications services to the Fort Berthold Reservation, RTC actively supports the community through donations and sponsorships. Some of RTC's contributions and community involvement include: local Head Start programs, the Parshall Resource Center, Tribal Social Services, Red Sage and the Annual Four Bears Benefit Swim, Elders groups, employee appreciation and Christmas parties for tribal employers, among many other things. Thanks to our partnership with BEK Sports we've been able to televise the Little Shell Powwow, Tribal Energy Summit, and high school sporting events on the reservation.

Given our pre-existing relationship and that RTC and the leaders of the Fort Berthold Reservation have been actively engaged about broadband deployment for years, we believe that complying with the FCC's Tribal engagement obligations in 2014 was straight-forward for both parties and the requirements can be satisfied by a meeting to review what our company has done on the Fort Berthold Reservation in 2014 and what needs you may have going forward.

As explained above, RTC is now required to report to the FCC annually on Tribal Outreach activities, and RTC seeks your concurrence that the company considered the following items during interactions with the Tribal government in 2014. Specific examples are provided for each item.

**1. Needs assessment and deployment planning focused on anchor institutions:**

- RTC provides broadband to the following anchor institutions: Three Affiliated Tribes Administration Building, numerous other tribal offices and programs, White Shield School, New Town Public Schools, Parshall Public Schools, Fort Berthold Community College, Parshall Public Library, New Town Public Library, Elbowoods Memorial Healthcare Center, Minne-Tohe Clinic, Trinity Community Clinic in New Town, Parshall Medical Center, Northeast Segment Health Center, White Shield Clinic, Mandaree Field Clinic, Three Affiliated Tribes Fire Management Program, New Town Fire Department, Parshall Fire Department, New Town ambulance squad, Parshall ambulance squad, Three Affiliated Tribes Police Department, New Town Police Department, and Fort Berthold Rural Water.

**Royce S. Aslakson**  
CEO/General Manager

PO Box 68  
Parshall ND 58770  
phone: 701.862.3115  
phone: 1.888.862.3115  
fax: 701.862.3821  
web: [www.RTC.coop](http://www.RTC.coop)

Looking forward, RTC is committed to working with the Three Affiliated Tribes to ensure that state-of-the-art broadband services are provided to schools, libraries, health care centers, and

Tribal government offices. We are available and willing to discuss options for building or upgrading broadband networks at any of your community's anchor institutions. Additionally, we are interested in learning if residents and businesses on the Fort Berthold Reservation have needs for any of the other services our company provides, such as high definition surveillance cameras, phone systems, TV service, and specialized circuits and internet connections.

## **2. Feasibility and sustainability planning:**

RTC evaluates potential broadband projects on a number of factors, including whether the project is technically and financially feasible and whether there is an opportunity for a return on investment. RTC is committed to providing broadband to all customers within our service area, which includes a large portion of the Fort Berthold Reservation. RTC is using stimulus funding specifically to improve broadband access on the Fort Berthold Reservation, which increases both the feasibility and sustainability of broadband projects.

In 2011, RTC collaborated with the Three Affiliated Tribes to develop feasibility and sustainability plans; and discuss opportunities and challenges associated with any potential broadband build-out and upgrade projects.

## **3. Marketing Services in a Culturally Sensitive Manner**

RTC has consistently recognized and respected any cultural attributes of the Three Affiliated Tribes in our marketing efforts and when we communicate with the Tribal council. RTC is interested in learning about ways in which we can be more in-tune with your culture and heritage. RTC invites members of the Three Affiliated Tribes to keep us informed about cultural events in the community, and we are willing to work with members of the Three Affiliated Tribes to develop marketing materials tailored to your needs. RTC has always employed tribal members and we currently employ 10 tribal members. Both of our customer service locations are located on Fort Berthold. RTC is headquartered in Parshall with an office in New Town and we recently opened a third office in Watford City.

## **4. Rights of Way and Other Permitting and Review Processes**

As RTC has been providing service on the Fort Berthold Reservation for 63 years, we are well familiarized with your rights of way and land use permitting processes. In 2012, RTC hired Dakota Broad Services to help with coordinating easements, as the scope of our project was too large for our in-house easement team. RTC wishes to stay informed about your rights of way and land use permitting processes so that potential broadband projects can move forward quickly and efficiently, where your community receives the greatest benefit. RTC would like for you to provide a current list of all pertinent rights of way, land use, easement, zoning, and permitting processes that the company would need to comply with in any broadband construction projects. Please also inform us how any of these processes can be expedited.

**Royce S. Aslakson**  
CEO/General Manager

phone: 1.888.862.3115  
fax: 701.862.3821  
web: [www.RTC.coop](http://www.RTC.coop)

## 5. Compliance with Tribal Business and Licensing Requirements

RTC is also well familiarized with your Tribal business and licensing requirements, and responds to them as requested.

Looking ahead, RTC is committed to maintaining a strong relationship and a high level of engagement with the Three Affiliated Tribes. We are interested in working together to develop plans to provide service to new construction sites and residential developments affiliated with the newly planned oil refinery on the reservation. We hope that RTC and the Three Affiliated Tribes will collaborate on new ways to bring economic development to the Fort Berthold Reservation by ensuring that residents and businesses have advanced telecommunications and broadband services.

RTC looks forward to a new year of productive and mutually-beneficial engagement with the Three Affiliated Tribes.

Sincerely,

A handwritten signature in blue ink that reads "Royce S. Aslakson". The signature is fluid and cursive, with a long horizontal line extending from the end of the name.

**Reservation Telephone Cooperative (381632)**

**Response to Line 3010 – Milestone Certification (47 CFR §54.313(f)(1)(i))**

Reservation Telephone Cooperative hereby certifies that throughout 2014, it took reasonable steps to provide upon reasonable request broadband service at actual speeds of at least 4 Mbps downstream/1 Mbps upstream, and currently, it is taking reasonable steps to provide upon reasonable request actual speeds of at least 10 Mbps downstream/1 Mbps upstream broadband service with latency suitable for real-time applications, including Voice over Internet Protocol, and usage capacity that is reasonably comparable to comparable offerings in urban areas as determined in an annual survey, and that requests for such service are met within a reasonable amount of time.

**Reservation Telephone Cooperative (381632)**

**Response to Line 3012 - List of Community Anchor Institutions to Which the ETC Newly  
Began Providing Service**

The FCC's *USF/ICC Transformation Order* requires a listing of community anchor institutions to which the ETC newly began providing broadband service. Reservation Telephone Cooperative did not newly begin providing community anchor institutions with access to broadband service in calendar year 2014.
