Judge Mann,

FEA does not object to AARP's petition to intervene. Regarding attendance at the prehearing conference, we would respectfully request that attorneys for FEA be permitted to participate telephonically as our office is located in Florida. Please let us know if you have any questions or concerns.

Thank you,
Capt Godinez

Counsel,

Counsel for MDU has submitted a request for a prehearing conference in this matter. AARP and Federal Executive Agencies (FEA) have each filed a petition to intervene. To my knowledge, there have been no responses to either petition filed. Before conducting the prehearing conference, the petitions should be acted on. Please advise if any party opposes either of the petitions to intervene, and if so, whether they intend to file a formal opposition to either petition. I would anticipate that the petitions to intervene can be addressed in short order allowing for the prehearing conference to proceed in the near future. I would ask that the parties please respond promptly with respect to their positions on the respective petitions to intervene so that we can move forward with scheduling the prehearing conference. Thank you.
