RE: Post Construction Inspection, Case No. PU-15-97

Dear Mr. Dockweiler:

The North Dakota Public Service Commission retained a third-party vendor to conduct a post construction inspection under the authority provided in the above referenced case. Below we provide a weblink to the third-party post construction inspection report for your review and a link to the Commission's order in this proceeding. We note that the third party inspector expressed the following concerns in its inspection:

- Documentation of satisfactory establishment of vegetation throughout the project and that all soil subsidence and erosion has been fixed.
- Electronic and paper as-built design files and associated GIS files have not yet been provided.
- Confirmation that no trees or shrubs were impacted by the project or a tree and shrub restoration plan.
- Confirmation that all sign markers have been installed.

The construction report can be found at:

<http://www.psc.nd.gov/database/documents/15-0097/052-020.pdf>

The Commission Order can be found at:

<http://www.psc.nd.gov/database/documents/15-0097/033-040.pdf>

Please forward your response within 30 days. Note that if the Company's revegetation efforts will extend into 2017, please note in your 30 day response when we can expect an update on revegetation issues.
