**RE: Case No. PU-15-113: ONEOK Rockies Midstream, L.L.C., Stateline I & II Gas Processing Plants**

Dear Mr. Morrison,

Your March 12, 2015 and March 31, 2015 letters notify the Commission under North Dakota Century Code 49-22-03(3) that ONEOK's intends to modify the Stateline I and II Gas Processing Plants to include a deethanizer for the extraction of ethane (Project). The Commission's May 18, 2011 Findings of Fact, Conclusions of Law and Order, in Case No. PU-10-666, issued Site Certificate 22 for the plants.

At its April 21, 2015 work session, the Commission determined that it would delegate authority to staff to approve the Project. The Commission determined that a Notice of Opportunity for Hearing will be issued providing opportunity for comments or requests for hearing on the Project but that staff need not wait for the Notice period to run before approving the site changes.

Please consider this as staff approval of the Project. The Project is subject to the conditions and limitations noted in the Commission's May 18, 2011 Order.

Best regards,

Patrick Fahn
