June 27, 2015

ND Public Service Commission

Dear Commissioners,

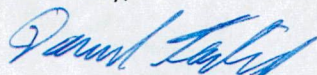

The Rolette Ambulance Service is dedicated to providing emergency medical services 24-7 for everyone our service area. We have joint cooperation agreements with neighboring agencies. Specifically, Heart of America Emergency Services. Heart of America Medical Center is a regional health care provider capable of handling emergency accident and trauma care.

We currently have on staff three EMT's, two AEMT's, and six drivers. We also have six individuals enrolled in an EMT class this summer. We work closely with the Rolette Fire Dept. and are involved in their yearly extrication and emergency training exercises.

I am confident that we have the trained personnel and emergency care equipment to handle emergency situations that could occur at (a) any project construction site(s).

I am looking forward to working with the wind tower project, and we are always open to any training they might have for us.

Sincerely,

Dan Tastad, Manager
