**To:** David Cameron  
**Subject:** RE: PU-15-142

Please send one hardcopy of the permits (making reference to the case number) to:  
North Dakota Public Service Commission  
Executive Secretary  
600 E. Boulevard, Dept. 408  
Bismarck, ND 58505-0480

Please also send documentation of the future activities related to grassland revegetation and monitoring and control of noxious weeds along the ROW and documentation showing the success of those activities.

**Subject:** PU-15-142

Patrick,

I'm contacting you regarding the construction inspection report prepared by Carlson McCain (November 20, 2017) for the Vantage West Spur Pipeline Project. This report indicated that various permits necessary for construction of the project were not filed with the ND PSC. Vantage would like to be proactive and follow-up on this item and fulfill the PSC requirements. Our review indicates that road crossing permits for Divide and Williams Counties were not provided to the PSC. If required, Vantage would like to file this information and would like to know the format and number of copies required.

The Carlson McCain report also identified the need for ongoing monitoring and control of noxious weeds along the ROW. Vantage acknowledges these requirements and is actively implementing post construction monitoring and maintenance to address landowner corrections and deficiencies related to reclamation of the ROW.

Best Regards

**David Cameron**  
Principal
