**July 29, 2015**

**Preliminary Statement**

On April 22, 2015, the Commission received a ND One-Call Complaint from Hess Corporation. The complaint alleged a violation by C Company General Contractors of North Dakota Century Code chapter 49-23: One-Call Excavation Notice System.

On April 27, 2015 Public Service Commission staff sent a copy of the ND One Call Complaint to C Company General Contractors for response.

On June 11, 2015 C Company General Contractors filed a response.

**Discussion**

C Company General Contractors (C Company) is a North Dakota limited liability company with principal offices at 506 2<sup>nd</sup> Street East, Williston, ND 58802-2739.

Hess Corporation (Hess) is a foreign corporation with principal offices at 1185 Avenue of the Americas, New York, NY 10036-2601.

Commission Advocacy Staff (Staff) conducted an investigation of the alleged violation, including review of the filings and communication with C Company, Hess, and North Dakota One Call (NDOC).

North Dakota Century Code section 49-23-04(1) provides:

Except in an emergency, an excavator shall contact the notification center and provide an excavation or location notice at least forty-eight hours before beginning any excavation, excluding Saturdays, Sundays, and holidays, unless otherwise agreed to between the excavator and

operator. If an operator determines more time is necessary for location, the operator may request a twenty-four-hour extension of the excavation or location notice by notifying the notification center. The notification center shall notify the excavator of the extension. An excavation begins the first time excavation occurs in an area that was not previously identified by the excavator in an excavation notice.

North Dakota Century Code section 28-32-22 provides:

Unless otherwise prohibited by specific statute or rule, informal disposition may be made of any adjudicative proceeding, or any part or issue thereof, by stipulation, settlement, waiver of hearing, consent order, default, alternative dispute resolution, or other informal disposition, subject to agency approval. Any administrative agency may adopt rules of practice or procedure for informal disposition if such rules do not substantially prejudice the rights of any party. Such rules may establish procedures for converting an administrative matter from one type of proceeding to another type of proceeding.

North Dakota Century Code section 49-07-01.1 provides:

Any person who violates any statute, commission order, or commission rule which applies to matters within the authority of the commission under chapters 8-08, 8-09, 8-10, 24-09, 32-25, and 51-05.1, titles 60 and 64, and title 49 except for chapters 49-22 and 49-23, shall, in addition to any other penalty provided, be subject to a civil penalty of not to exceed five thousand dollars. A violation occurring under chapter 49-23, in addition to any other penalty, is subject to a civil penalty not to exceed twenty-five thousand dollars. The commission shall develop policies for the assessment of penalties under chapter 49-23 which will take into consideration the severity of damages and the conduct of the offender. The civil penalty may be compromised by the commission. The amount of the penalty when finally determined or agreed upon in compromise, if not paid, may be recovered in a civil action in the courts of this state.

North Dakota Administrative Code section 69-02-04-05 provides:

In any proceeding in which the commission is authorized to act after opportunity for hearing, opportunity is afforded by service of notice fixing a reasonable period of time within which any person desiring to be heard may file a protest or request for a hearing. If a protest or request for hearing is not filed within the time provided, the commission may dispose of the matter on the basis of the pleadings, other submittals, and the studies and recommendations of the staff. A party

not requesting oral hearing in the party's pleading is deemed to have waived a hearing for the purpose of the decision, but not for the purpose of applying for rehearing with respect to the decision. If a person requests a hearing but does not show good cause, the commission may determine the matter without a hearing.

### **Investigation Summary**

Based on its investigation, Staff concluded that on April 22, 2015, C Company personnel provided two excavation notices to the NDOC Notification Center for work to begin on April 22, 2015 at 1.4 miles south of the intersection of 102B Avenue Northwest and Highway 1804 near Tioga, ND, and at 1.3 miles west of the intersection of 105<sup>th</sup> Avenue Northwest and Highway 1804. The NDOC Notification Center assigned locate ticket numbers 15039681 and 15039691 respectively to the excavation notices.

Based on its investigation, Staff concluded that C Company personnel began excavations as defined under North Dakota Century Code section 49-23-01(7) on April 22, 2015 for ticket 15039691 and on April 23, 2015 for ticket 15039681, while performing pothole repairs at the locations listed in the locate tickets. The excavations in those areas began less than 48 hours after placing the locate tickets. No damage or loss of service resulted from the excavations.

Based on its investigation, Staff concluded that there was no agreement between C Company and Hess under North Dakota Century Code section 49-23-04(1) prior to the excavations that would relieve C Company of its obligation to provide excavation notices at least forty-eight hours before the excavations.

Based on its investigation, Staff concluded that the excavations were not being made in a time of emergency under North Dakota Century Code section 49-23-04(4), allowing the excavator to give notification after the start of the excavations.

Based on its investigation, Staff concluded that C Company violated North Dakota Century Code section 49-23-04(1) by failing to provide excavation notices to the NDOC Notification Center at least forty-eight hours before beginning its excavations at both locations.
