Subject: RE: Tioga, ND - Lindahl Wind Project Concern

Mr. Coles,

In response to the proposed Lindahl Wind Project near Tioga, ND, the North Dakota Aeronautics Commission (NDAC) concurs with the FAA's documentation concerning the Determination of No Hazards for all turbines and the Tioga Airport Authority's approval of this project on January 15, 2015.

At this time, the NDAC has no further concerns on the Lindahl Wind Project.

Let us know if you need anything else or have questions.

Take care,

Jared L. Wingo

Airport Planner
